## OBJECTIVE

---

I am dedicated Frontend developer seeking a challenging position where I can utilize my expertise in skills or technologies like HTML, CSS, JavaScript, React, etc. to contribute to dynamic projects and collaborate with talented teams to create engaging user experiences.

## EDUCATION

---

**Choudhary Devi Lal University (sirsa, Haryana)** 2020-2023  
Bachelor of Computer Application (BCA)

**Holy Star Senior Secondary School** 2019 - 2020  
12th Class (Science)

## SKILLS

---

<b>Technical Skills</b>	HTML, CSS, Javascript, API, Bootstrap, ReactJS
<b>Soft Skills</b>	Effective Communicator, Collaborative Contributor

## PROJECTS

---

**Obey-agency Clone:** A visually engaging website with a loading animation, smooth scrolling effects, and marquee elements, showcasing a design agency's portfolio and contact information. It incorporates HTML, CSS, JavaScript, GSAP for animations and interactions. ([Live](#))

**Rest-Countries:** It is dynamic web page displaying country information fetched from an API, with a search button enabling users to find specific countries. This project seamlessly integrates HTML, CSS, and JavaScript to provide an interactive and informative user experience. ([Live](#))

**Space-Travel:** In the space travel app, users can embark on an exploration of celestial destinations through the destinations tab. Here, they encounter vivid descriptions accompanied by captivating imagery, enabling them to immerse themselves in the allure of outer space. Additionally, the Gallery tab provides a rich collection of space images. ([Live](#))

**FoodKart:** This React project effectively utilizes the Swiggy API to fetch and display restaurant data, implementing features such as filtering by rating and searching for specific restaurants, enhancing user experience and functionality. ([Live](#))

## EXTRA-CURRICULAR ACTIVITIES

---

- Engage avidly with novels, expanding literary horizons and cultivating imagination.
- Explore diverse cultures through travel, broadening perspectives and embracing new experiences.
